Executive Director

Assistant Director for Operations

Assignment of Motor Vehicle to FBIB

Ref. : Administrative Instruction No. 40-20 dated 30 August 1948

1. The Foreign Broadcast Information Branch has received notification from the Services Branch, CIA, that a Chevrolet sedan requisitioned for the FBIB East Coast Bureau has been received.

2. The FBIB East Coast Bureau is at present operating from two locations, the Briggs School Building in Washington, and the monitering station [redacted] It is anticipated that on or about 1 November, construction of the new monitering station at Hedgemook, Md., will be started. It will be necessary at this time for the Chief Engineer, FBIB, and the Chief Engineer of the East Coast Bureau to make daily trips to the site to provide close supervision of the construction of buildings and installation of technical radio equipment.

25X1

3. In consideration of the fact that this motor vehicle has been received by CIA for the exclusive use of the FBIB East Coast Bureau, that it would be a burden on the CIA motor pool to provide transportation for the inspection trips referred to above, and that it is not feasible to make use of public transportation, it is recommended that immediate assignment of this vehicle be made to FBIB.

4. It is contemplated that FBIB will arrange for selected employees of the Branch to procure CIA drivers licenses, thereby obviating the necessity for a chauffeur. This vehicle will be parked on the Briggs School parking lot where it can be properly guarded by FBIB and FBA personnel.

This document is part of classified integrated file.
If separated from file, document is unclassified.
